To the Families and Friends of Scamps Gymnastics & Legendary CYC All-Star Cheer,

We have had some questions regarding the mask mandate. The Boys & Girls Club of Kenosha will continue enforcing the mask mandate for all programs per the City of Kenosha ordinance in place through at least May 27<sup>th</sup>. This policy is in place to continue our efforts to provide a safe environment for all of our members, families and staff as we navigate through these unprecedented times.

We want to continue to keep our doors open and provide positive outlets and programs for youth, in order to do so we all must work together to follow the policies and procedures in place. Please remember to keep your child home if they or anyone in your household is experiencing COVID-like symptoms. We appreciate everyone's understanding, support and cooperation as we all do our part to keep safety a priority.

Thank you for your trust and patronage as our staff continue to work hard and strive to provide all members with a safe and fun learning experience.
